## Inspired by goddesses and nymphs

Our line of original Spa bathtubs was inspired by the motif of Greek goddesses and nymphs. In mythology Echo, Gaia, Dafne or Harmonia were considered a symbol of beauty and majesty. Our Spa bathtubs have been designed with the utmost comfort in mind, to soothe not only the body but also the spirit, just like the nymphs.

Polyurethane foam coating is able to save more than 30% heat generated, thus saving energy consumption.

LED lights - possibility of changing the colour of lighting gives a unique atmosphere.

Comprehensive filtration system easy and quick keeps the water impeccably clean with minimum user effort.

Tool-free access makes maintenance quick and easy.
